**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docker No. 18-141; Category 1**

Dear FCC, we live in a area like most Americans and have only one or two choices for broadband. And they keep raising the price every year. We need competition in order to offer consumers a choice and keep the prices competitive. ATT is slowly becoming the giant it was before it divested the baby bells. Everyone needs broadband services, Why lock out the competition and give it all to the biggest companies that already have too much power over prices and availability.
